# This year's keynote speakers

## **Fran Perrin,**

Founder and Director, Indigo Trust

As our keynote speaker in 2018, Fran will talk about her own philanthropy; the joy and satisfaction as well as the challenges she has overcome with help from others.

## **Laura Seebohm,**

Operational Director, Changing Lives

Laura will be talking about the work of Changing Lives, a regional charity, which is supporting victims of Operation Sanctuary and on-going preventative work in tackling sexual exploitation of vulnerable young women.

The Women's Fund was established in 1999 by Dame Margaret Barbour, with an initial donation of £250,000 from the Barbour Trust. Dame Margaret had a vision that the Fund would be a collective pool for women to support other women in our region. Anyone can donate to the fund whether it's a gift of £5 or £500,000. Together we can make a difference to the lives of women in our region.
